

DAYANAND COLLEGE OF LAW, LATUR

College Code: 323

Green Campus Policy

Dayanand College of Law, Latur Maharashtra, India

Green / Environmental Policy

➤ **Introduction:**

➤ Green audit is a progression of efficient recognition, quantification, recording, treatment and investigation of components of environmental assortment. It is also broadly recognized as Environmental Audit. It aims to evaluate environmental practices within and around campus sites, which will have an impact on the eco-friendly ambience to provide good environmental management. The overall objective of environmental auditing is to protect the surrounding environment and restrict risks to human health. It include environmental management systems and needs about sanitation and hygiene, water conservation, rain water harvesting, waste management, energy conservation and greenery. Plantation and greenery is always promoted in vacate areas and around every building in the campus. Institution has been recognized and awarded as Green & Clean Campus certificate by Latur Municipal Corporation

➤ **Main Objectives of Environmental/ Green audit of Dayanand College of Law, Latur :**

➤ The initial footstep of the Go Green Think Green programme involves establishing a rational Green-Campus Committee. Institute administration within the executive structure prepares plan of action and calendar of activities which will be implemented by all departments of college. Hence, to give this initiative more clarity, strength and authenticity, we now revolve out a POLICY DOCUMENT spelling out the campaign, approach and other strategy tasks to create this plan well-designed with authorization.

➤ We think about greening the campus to protect environment to conserve natural resources is all about comprehensive away wasteful inefficiencies. The administration of the Institute believes that everything is connected to everyone so every individual should take care and use acceptable discarding materials, purchase of environment friendly supplies and efficient recycling program. For this need to work out the time bound strategies to implement green campus initiatives. As unique green campus initiatives portfolio committees has been established for the Greenery. Water harvesting. Waste Management, Energy conservation, Sanitation and Hygiene etc. These strategies require to be integrated into the organizational development and budgeting processes with the aim of enhancing a clean and green campus.

➤ **Green Club :**

➤ **Our Initiatives**

➤ **Restricted entry of vehicles –**

➤ The college encourages the employees and students to frequently use public transport, bicycles, etc. to limit the emissions.

➤ **Use of Bicycle/ battery powered vehicles -**

➤ Our College encourages the staff and students to use bicycle and battery powered vehicles as a measure of prevention of environmental pollution.
